Success stories

From a family idea to a global brand: how EU support helps Ukraine's Kormotech grow worldwide

Ukrainian pet food manufacturer Kormotech has grown from a family business into a company exporting to more than 50 countries. Cooperation with the EU-supported programmes enabled the company to modernise production and implement energy-efficient solutions. It also supported the construction of Kormotech's first pet food plant in Lithuania and the expansion of its presence in international markets.

From veterans to rebuilders: how EU support is powering Ukrainian businesses

Veteran-founded businesses – snack producer Peanut Butter TOM and construction company Vivat Invest – have scaled up their operations with the help of EU-funded grants. The entrepreneurs invested in new industrial equipment, optimised energy use and created dozens of jobs in both frontline and rear regions.

When the lights go out, the scanners stay on: how an EU-supported clinic keeps Chernihiv diagnosed

The Tesla clinic, which was the only facility operating MRI services during the siege of Chernihiv, has opened a new diagnostic centre. Together with international partners, the clinic installed modern equipment and energy storage systems. This ensures uninterrupted access to essential diagnostic services for local residents, regardless of power supply disruptions.
